Notes: Fall semester entrance cohorts include new freshmen who enrolled in the fall or in the immediately preceding summer term. Per Federal reporting guidelines for race/ethnicity, all students who identify as Hispanic are reported as such (even if other values are reported). Students who do not identify as Hispanic but identify with multiple races are reported in the "2 or more races" category. Students who do not identify as Hispanic and identify a single race are reported in that single race category. The reporting of race/ethnicity only pertains to domestic (non international) students.
